We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

Wir stellen von Einwegkunststoff-Verpackungen auf Verpackungen auf Papierbasis um. Möglicherweise findest du in der Übergangszeit sowohl Papier als auch Kunststoff in unseren Boxen.

Nous passons progressivement des emballages en plastique à usage unique aux emballages à base de papier. Au cours de cette transition, il est possible que vous trouviez à la fois du papier et du plastique dans nos boîtes.

Stiamo passando dalla plastica monouso agli imballaggi basati su carta. In questo periodo, potrete trovare un mix di carta e di plastica nelle nostre confezioni.

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puede que encuentres una mezcla de papel y de plástico en nuestras cajas.

Estamos a fazer a transição do uso de plástico descartável nas embalagens por embalagens à base de papel. À medida que progredimos nesta transição poderá encontrar um misto de papel e plástico nas nossas caixas

Átállunk az egyszer használatos műanyagról a papír alapú csomagolásra. Az átállás folyamatos, ezért előfordulhat, hogy papír és műanyag zacskót egyaránt találsz a dobozainkban.

Mēs pārejam no vienreizlietojamas plastmasas uz iepakojumu, kurā izmantots papīrs. Pārejas procesa laikā kārbās var būt gan papīra, gan plastmasas daļas.

Facem tranziția de la ambalajele de unică folosință din material plastic la ambalaje pe bază de hârtie. Pe măsură ce avansăm, s-ar putea să găsești un amestec de hârtie și material plastic în cutiile noastre.

我们正在从一次性塑料包装向纸质包装过渡。在此过程中，你可能会发现我们同时采用纸质包装和塑料包装！

HULK VS. HULKBUSTER

The most effective way to help the Hulk return to his human form, Bruce Banner, is Natasha Romanov's soothing 'lullaby.' Still, fearing the Avengers may one day need stronger methods to detain the brute, green force of nature, Tony Stark and Banner develop a heavily reinforced battle suit designed to match the Hulk's size and superhuman strength: the mighty Hulkbuster.

Sure enough, when Wanda Maximoff bewitches Hulk in *Avengers: Age of Ultron*, no conciliatory efforts can snap the giant out of his rage. Iron Man summons the Hulkbuster from its satellite mobile service module (affectionately nicknamed Veronica). What follows certainly turns out to be a perfect opportunity to test the suit's durability in an extensive field test.

THE BIGGEST LEGO® MECH EVER

"I'm a big, big fan of mechs, and I've been lucky to work on most LEGO® Super Heroes mechs in the past 2-3 years. This is the biggest LEGO mech ever, how cool is that? My favourite features of the model are the three light bricks that light up both hands and the chest arc reactor. It really makes the armour stand out and brings it to life."

Junya Suzuki,
LEGO® Senior Model Designer

ASSEMBLING THE LEGO® HULKBUSTER

"There are so many magnificent frames in this scene that allows me to study the Hulkbuster's iconic characteristics from every angle. I wanted to capture as many details as possible with LEGO® bricks, and due to the sheer size of the model, I was able to recreate lots of signature elements from its on-screen counterpart. I also wanted to make room for the brick-built LEGO Iron Man Figure (76206) inside to add an extra dimension. That's why the main frame of the body is hollow with opening hatches. If you have the set, I hope you'll have fun with it!"

Junya Suzuki,
LEGO® Senior Model Designer

A TRIBUTE TO TONY STARK'S CREATION

"I am a big fan of the intricately designed Iron Man armours in the Marvel Cinematic Universe and am always excited to work on a set tied to Iron Man! In this case, I worked on the Tony Stark minifigure, the stickers, and the Hulkbuster helmet decoration. The helmet was my primary focus: after previously working on The Hulkbuster: Ultron Edition set 76105 from 2018, I was able to make some subtle adjustments to bring the likeness closer to how it appears on-screen."

The minifigure design is based on a pivotal scene from the MCU: the birth of the Vision in Avengers Tower. In the scene, the Avengers don't exactly agree on what to do next, and Stark partially suits up in his Mark XLIII (Mark 43) Iron Man armour. Though it's a blink-and-you-miss-it moment, we thought this was a great concept to base a unique minifigure design on, and we hope it fits nicely into your own Hall of Armour!"
