'These days,
being in Nature
is becoming a
rare occurrence.

We are an urban,

technology-dependent society. But we need Nature to relate to each other and understand ourselves. This LEGO® Tranquil Garden, inspired by Japanese gardens, at least symbolically brings Nature to your mind. Which is one of the most important things for our lives now.'

HOICHI KURISU

Japanese Garden Designer and Builder

Created for mindful living

● Follow the stepping stones to your private pavilion, make yourself at home, relax and be one with nature for a moment. Or stay as long as you like.

Inspired by the elements of millennia-old tranquil gardening traditions, this set has been created in collaboration with Hoichi Kurisu, who has several years of experience in creating mindful gardens. A serene retreat where you can reflect and recharge without distractions. Each element in the garden lets you dwell on the colourful wonders and playful beauty of Mother Earth. As you spend time with your garden, allow the seasons to come and go. Feel your creativity blossom with each visit, rearrange the scenery, plant new LEGO® vegetation, or add decorative ornaments that are meaningful to you. Prepare a pot of your favourite matcha tea, tune into a soothing nature soundtrack, slip into your softest slippers and take time to enjoy your mind's space.

Tend to your garden

● 'Building a LEGO® set can be an immersive escape – like reading a great book. It allows you to focus on something fun and gives you a feeling of pride and gratification, even long after it's completed. You can return to this garden as often as you like. Tend to the elements and change the landscape as you would an actual garden or maybe a bonsai tree. Prune or replant the blossoming cherry trees, lush evergreens and bamboo, or move the smooth stone lanterns to fit your style and mood. Or gaze at the vibrant Koi and water lilies in the burbling pond, and simply surrender to your creative freedom.'

'Give the set your own personal
touch to match your mood.'

Most tranquil garden pavilions are made from wood to blend into the natural surroundings.

Pond shapes usually represent *kanji* (a system of Japanese writing) that carry significant meanings, such as *kokoro*, or "heart".

Tranquil garden islands can be symbols of mystical or mythical mountains, turtles, or cranes (often associated with longevity).

Recognise the base frame design for this model? We reused the flowerpot design from the LEGO® Icons 10281 Bonsai Tree set to emulate a similar look and feel.
